

## APPRENTICE LINEMAN

The City of Holly Springs Utility Department is accepting applications to fill the position of Apprentice Lineman.

**JOB TITLE:** Apprentice Lineman

**DUTIES:**

- Completes steps of apprenticeship in accordance with prescribed requirements.
- Performs work under the direction of Lineman.
- Erects, removes and climb poles, towers, steel structures and related structures and equipment.
- Performs work on energized and deenergized circuits using proper protective equipment and hot line tools; strings, sags, and connects conductors of various types.
- Performs installation and maintenance of underground residential distribution facilities involving splicing, terminating, and connecting associated equipment.
- Performs line clearance, as needed.
- Assembles, installs, removes, replaces, and transfers line and riser hardware and electrical equipment that include transformers, cross arms, and switches.
- Operates various types of power driven tools and equipment.
- Performs minor field maintenance, adjustments, and modifications on tools and equipment.
- Lifts and carries heavy tools, equipment, materials, and supplies.
- Drives various utility vehicles.
- Loads, unloads, and operates wire-pulling equipment.
- Reads and interprets maps, sketches and prints.

**QUALIFICATIONS:** High School Diploma or General Educational Development (GED). Commitment to safety in all aspects of the job. Effective communication (oral and written). Valid Mississippi Driver's License and Class A Commercial Driver's License (CDL) within time frame determined upon entry into position.

**WORK ENVIRONMENT:** The work is performed primarily outside under varying conditions. Physical stamina to perform strenuous tasks is required. Mobility to and from various work areas and external facilities is required. Physical activities include sitting, walking on varying terrains, bending, crouching, kneeling, reaching, standing, pushing, pulling, stooping, heavy lifting, climbing ladders and trees, and working at heights in trees or bucket trucks. Work is performed in close proximity to electrical circuits. The noise level varies when working outside or external facilities. Effective vision (near or far). Talking and hearing are necessary in communicating with others.
